College can be affordable

To the Editor:
If you plan to enter college in the fall, January is the time to complete the FAFSA, the Free Application for Federal Student Aid and other applications required by the colleges. The FAFSA is the form college-bound students must complete to be considered for all federal grants, low-interest student loans and work-study; for some colleges' aid; and to start the application for a New York State Tuition Assistance Program grant. The FAFSA is available at high school guidance and college financial aid offices, or online at www.fafsa.ed.gov.

Financial aid to help meet college costs is the reality for 80 percent of college students. The first step is to apply.

Sincerely,
